Subject: Vigneto Development

Dear Ladies and Gentlemen,

I am concerned about the planned new development near Benson called Vigneto. Specifically, I am writing to request that you:

1. Re-evaluate the Clean Water Act Section 404 permit
2. Initiate consultation with the USFWS to quantify potential impacts of Vigneto to threatened and endangered species
3. Ensure commitments to adequate conservation and mitigation measures are included

There needs to be strong EPA oversight of the Section 404 permit and USFWS consultation on impacts to threatened and endangered species.

Sincerely,

Paula Kulina
